

FLORIDA AGRICULTURAL AND MECHANICAL UNIVERSITY

The placement rate is computed as the percentage of program completers reported annually by each program to the Florida Department of Education who are identified by the Department’s Staff Information System, as prescribed in section 1008.385(2), Florida Statutes, as employed in a full-time or part-time instructional position in a Florida public school district at any point during either the first or second academic year subsequent to program completion. Program completers employed in private or out-of-state schools their first- or second year following program completion are also included if verified data are reported by the program.
